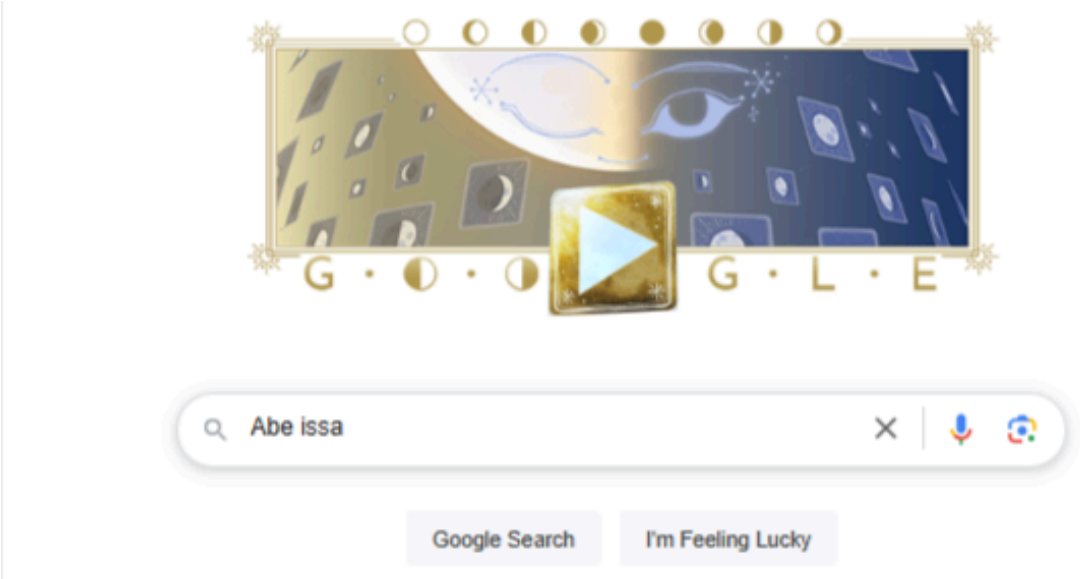
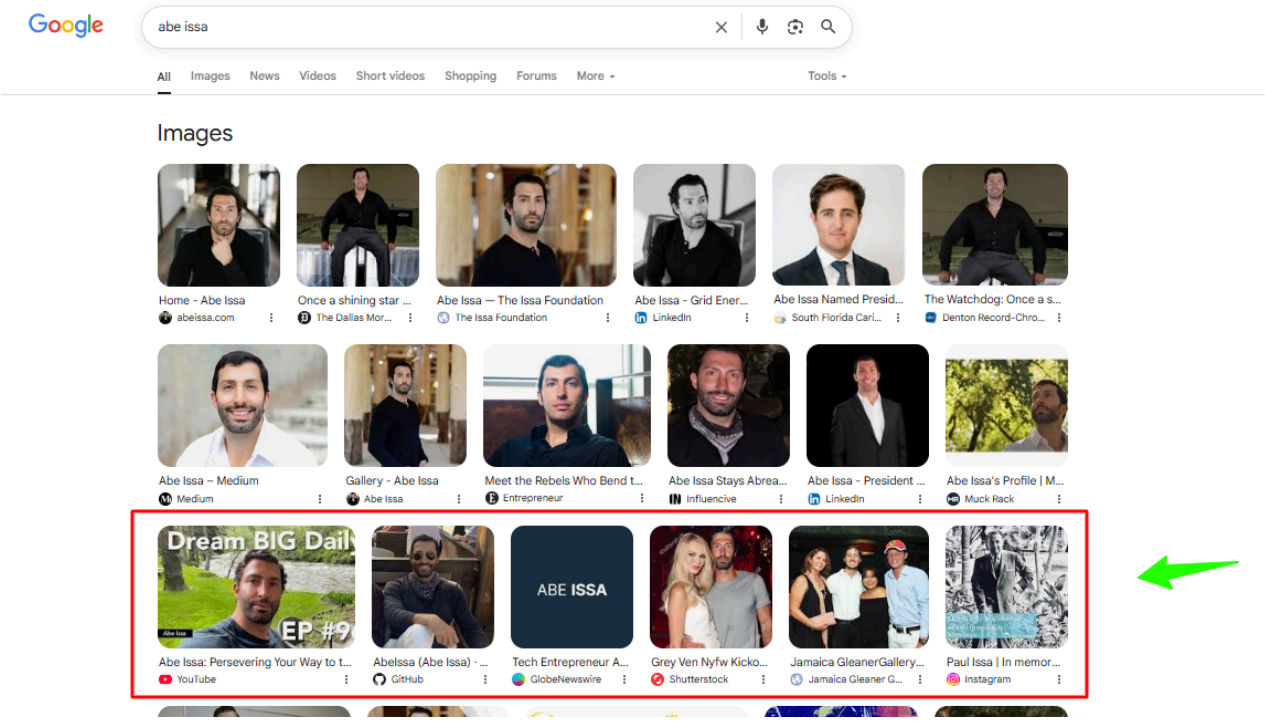
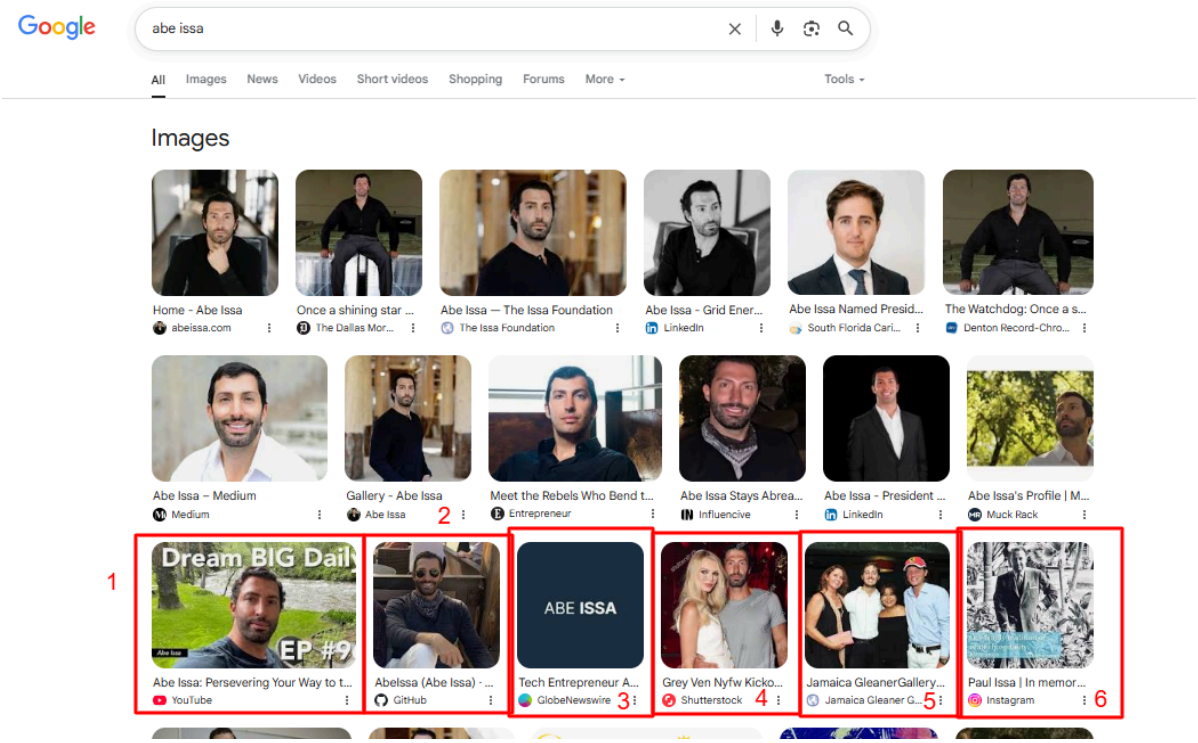
1. Go to google.com and type in “Abe Issa”. Press enter.



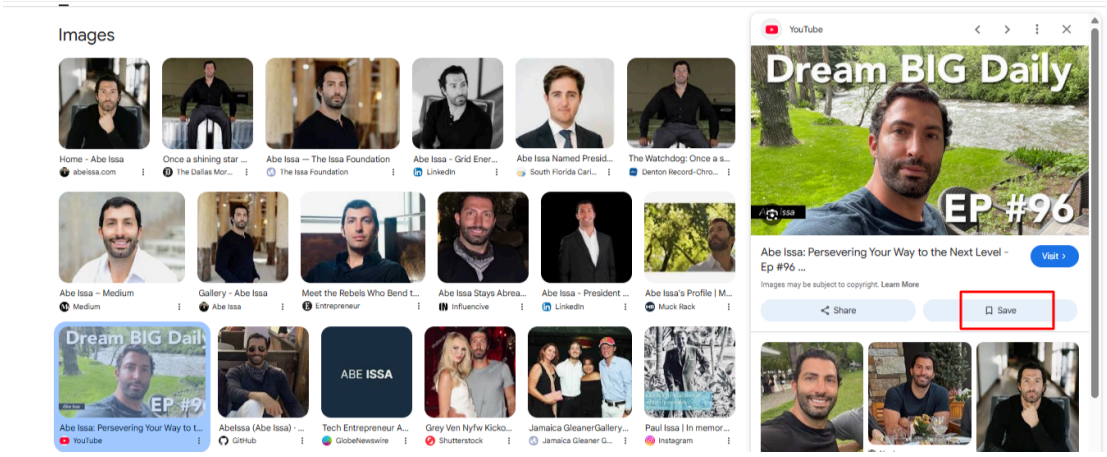
2. Find the following images (You may need to expand the image tab)



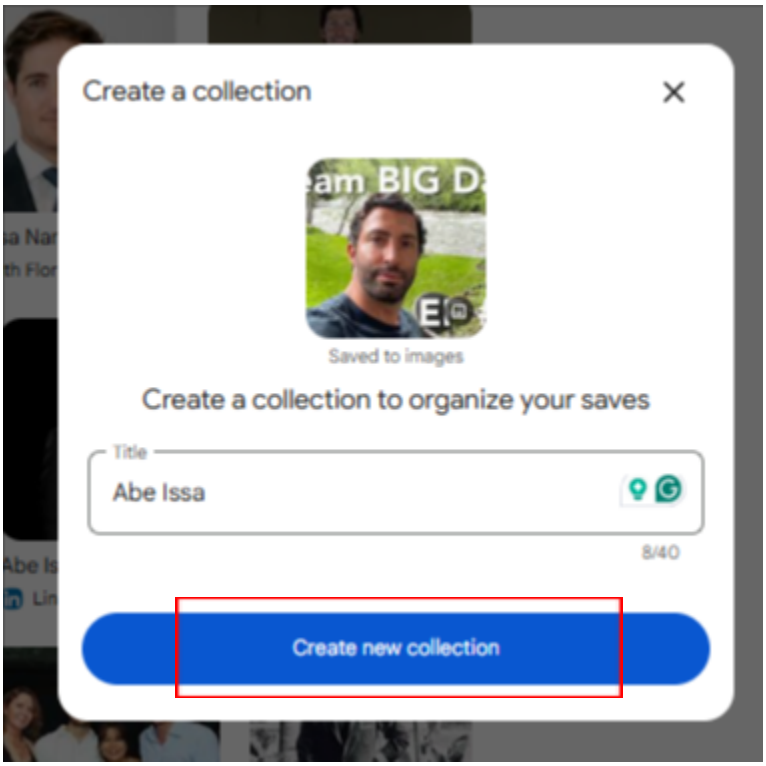
3. Click on each image and do the following steps for all of them



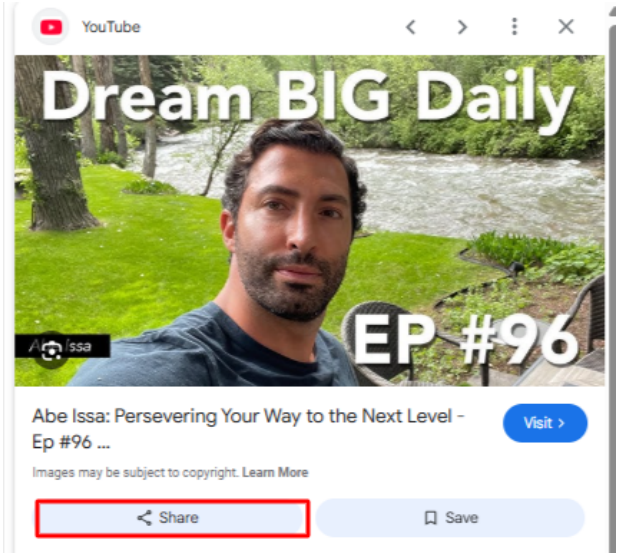
4. Click “Save”

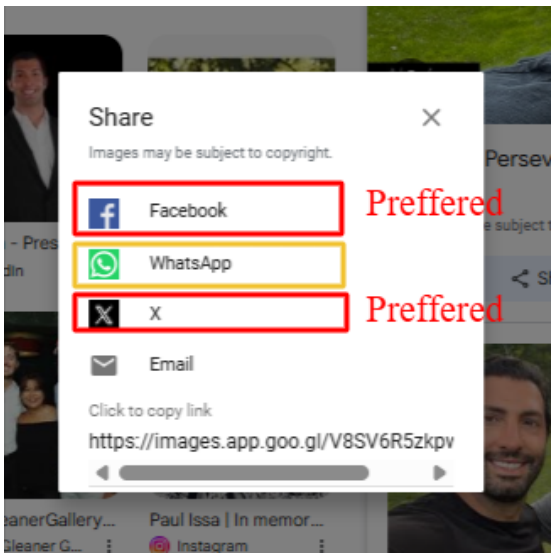


5. Title it “Abe Issa” or something similar and click to create a collection (Do this for all the images assigned)

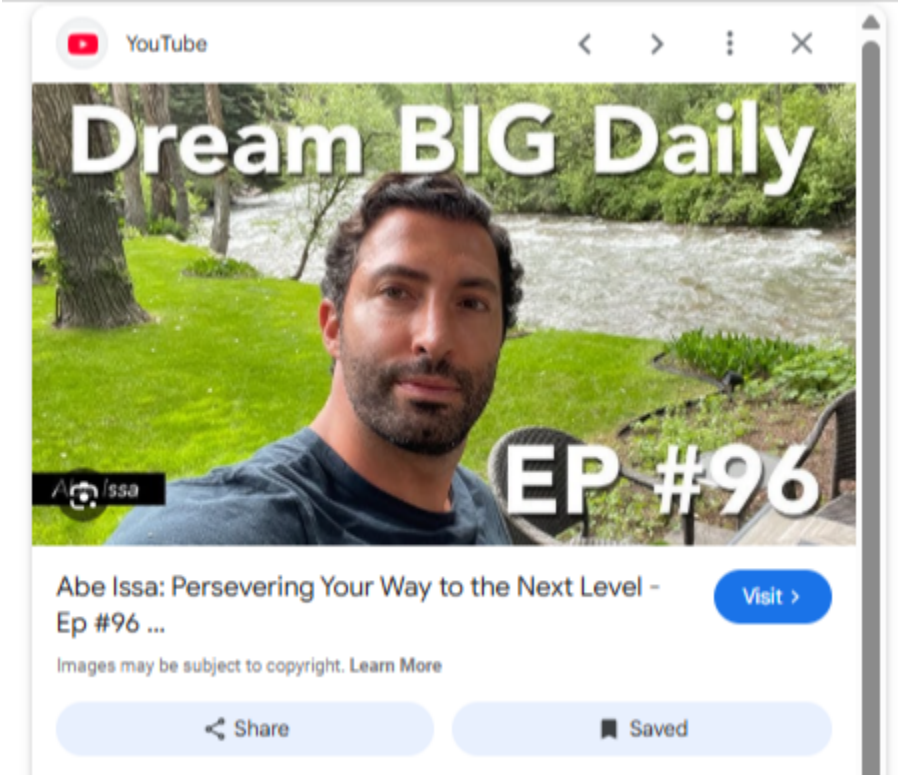


6. Now go to “Share” and share it to either Facebook or X. We would appreciate it if the content remains shared for a short period of time (We will provide extra credit for this)





7. Take a screenshot of one or a few of the images you have saved and shared, like the one below



8. Please also provide a link to the shared content or link the the feed where we can see them.
9. Successful project completion will receive full payment, keeping content shared on social will double your total payment.

We will provide more projects like this one if this campaign does well
